ABOUT EXLINE

Exline's manufacture and repair capabilities support the gathering, refining, compression, transmission, and distribution of natural gas, as well as the generation of electricity here and abroad. Exline manufactures, services, and repairs equipment on site or at one of our Industrial facilities. Our repair and service capabilities serve the following industries: government and military facilities, printing, aircraft, plastics and rubber compounding, agriculture, engineering, automotive, municipalities, marine, and the mining of coal, salt, and gold.

EXPERIENCE, KNOWLEDGE, & SERVICE. TRUSTED FOR OVER 140 YEARS.
