

# HIGH SPEED ENGINE

## EXLINE HIGH SPEED ENGINE EXCHANGE

Exline's High Speed Engine Program replaces your worn engine with a completely overhauled engine designed to meet your exact specifications.

### EXLINE'S ENGINE OVERHAUL PROCESS

- Engine disassembly and inspection
- Crankshaft and camshafts restored
- Turbochargers are rebuilt with new bearings and seals
- Manifolds, air & oil coolers are cleaned and tested
- Auxiliary drive components are inspected & replaced
- Vibration damper is replaced
- Governors, linkages, and starters are rebuilt
- Heads are inspected, disassembled and cleaned
- New valve seats and guides are installed
- Rocker arm bushings are replaced
- Connecting rod bushings are replaced
- Bearings, bushings, rings, pistons, and liners are replaced with OEM parts
- Engine is re-assembled and load tested

### MINIMIZE DOWNTIME

Exline maintains an inventory of high speed engines. Our crews deliver the replacement engine direct to customer sites and pick up the exchange engine. Exline crews install the replacement engine and perform a field test. All Exline high speed engines come with our Extensive One Year Warranty.

**EXPERIENCE, KNOWLEDGE, & SERVICE. TRUSTED FOR OVER 140 YEARS.**
